Dear Dana :

With respect to your letter of February 29, 2000  
I am glad you ~~are~~ <sup>are</sup> ~~to be~~ a collector of early  
American numismatic material as I was under  
the impression that you were a dealer and researcher  
as far as numismatics are concerned.

I have ~~long~~ avoided selling numismatic items  
so as to remain non-commercial and I find that  
is the best policy for me. Just imagine how nice it  
is not to ~~be~~ <sup>be</sup> have any negotiations on ~~the~~  
values or worries about condition. I enjoy being  
a collector, researcher, <sup>volunteer</sup> ~~teacher~~ <sup>teacher</sup>, and ~~volunteer~~ <sup>volunteer</sup> writer as you know.  
~~Thane~~ Sincerely
